

FARJANA AKTER MIM

Computer Science & Engineering Student

Email: farjanaaktermim330@gmail.com | github.com/Farjana02mim | linkedin.com/in/farjana-akter-mim-1206a636

ACADEMIC PROFILE

I'm a Computer Science and Engineering student who enjoys turning ideas into practical projects. I'm currently building my skills in web development, software engineering, machine learning, and problem solving through coursework and hands-on projects.

EDUCATION

Bachelor of Science in Computer Science & Engineering (CSE)

Jamalpur Science and Technology University

Duration: August 2023 – August 2027 | **CGPA: 3.81**

ACADEMIC ACHIEVEMENTS

1st Year — 2nd Position — Scholarship

Secured 2nd position in 1st Year and received a scholarship.

2nd Year — 2nd Position — Scholarship

Secured 2nd position in 2nd Year and received a scholarship.

TECHNICAL SKILLS

Programming: C, C++, Python, JavaScript, Java

Frontend: HTML, CSS, JavaScript, React, Vite, Tailwind CSS, TypeScript

Backend: Node.js, Express.js, REST API, MongoDB

Machine Learning & Data: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Data Preprocessing, Model Evaluation

Tools: Git, GitHub, Firebase, Jupyter Notebook, Google Colab, Linux

PROJECTS

Zap Shift

Built as a hands-on full-stack project to practice modern frontend and backend development, API integration, database management, and responsive UI design.

Technologies: React, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, REST API

Rainfall Prediction Classifier

Explored supervised classification workflows, weather data preprocessing, and model evaluation techniques using Scikit-learn.

Technologies: Python, Pandas, NumPy, Scikit-learn, Logistic Regression, Random Forest

Computer Graphics Project

Developed while learning fundamental computer graphics concepts, 2D/3D transformations, and interactive rendering algorithms in OpenGL.

Technologies: C++, OpenGL, Computer Graphics, Graphics Algorithms

University Management System

Built as a hands-on project to practice object-oriented programming, data structures, and file handling in C++.

Technologies: C++, OOP, Data Structures, File Handling

RELEVANT COURSEWORK

Data Structures & Algorithms • Database Systems • Computer Networks • Computer Architecture • Microprocessors • Digital Image Processing • Computer Graphics • System Analysis & Design • Machine Learning

CERTIFICATIONS

Introduction to Machine Learning — Coursera, March 2025

JavaScript Algorithms and Data Structures — freeCodeCamp, January 2025

React - The Complete Guide — Udemy, December 2024

CURRENTLY LEARNING

Advanced Web Development • Machine Learning • Data Analysis • Deep Learning • Research

EXPERIENCE

Currently building experience through academic and personal projects.
